

Going Farther Than Christmas: the SSFI-JCC Outreach Program 2011

The Junior Counselors Club of SSFI conducted the school's annual outreach program last January 8, 2011 at Sampaloc Manila. This year's beneficiary is the Sampaloc Bible Christian Community (SBCC).

SBCC's ministries focus more on helping marginalized families and communities, particularly by providing free educational support and services, counseling, and livelihood.

Through the generous support of our students and their parents, the entire school community were able to raise a total amount of P33,145 not including donations in kind. The SSFI-JCC Outreach program has already been going for four (4) years. Indeed, to God be the glory!
