

SSFI places 3RD in Makabayan and 4TH in Math in the National Quiz Bee Elimination

John David Sace and John Faust Turla, both from the Grade 6 class, represented the school in the 31st National Quiz Bee, Makati City Eliminations last January 28, 2011 held at Collegio San Agustin in Makati City. John David placed fourth after competing against 28 students in the Math category while John Faust got the 3rd spot in the Makabayan category out of the 25 contenders.

The following students were also delegated by the school to compete in the National Quiz Bee: For Mathematics: Rebekah Yun of Grade 6, Jackie Agnes and Yoel Reyes of Grade 5, and Stephen Saroca and Kenneth Rojas of Grade 4. For Makabayan: MJ Tangco of Grade 6, Stephanie Saroca and Cherwin of Grade 5, and Dea Danganan and Jigm Ruiz of Grade 4.

Though the two boys didn't make it to the elimination round as only the top two contestants were chosen to qualify for the regional level, still the SSFI family welcomed them with much pride and admiration for their commitment to represent and give honor to their alma mater. SSFI is also proud to recognize Teachers Cecile Macatangay for Math and Belle Sanducal for Makabayan who have been selflessly sharing their time and effort in training and encouraging all the participants for the past two years.

JF Turla for Makabayan

John David Sace for Math
